Foreword

Publishing information

This British Standard is published by BSI Standards Limited, under licence from The British Standards Institution, and came into effect on 31 May 2023. It was prepared by Technical Committee CW/1, *Safety of child use and childcare products*. A list of organizations represented on this committee can be obtained on request to the committee manager.

Supersession

This British Standard supersedes BS 1877-10:2011+A1:2012, which is withdrawn.

Information about this document

This is a full revision of the standard, and introduces the following principal changes:

- clauses have been updated to reflect changes following the publication of [BS EN 716-1](#) and BS 716-2;
- a new annex ([Annex B](#)), detailing a test method for mattress performance, has been included; and
- all references have been updated.

This publication can be withdrawn, revised, partially superseded or superseded. Information regarding the status of this publication can be found in the Standards Catalogue on the BSI website at bsigroup.com/standards, or by contacting the Customer Services team.

Where websites and webpages have been cited, they are provided for ease of reference and are correct at the time of publication. The location of a webpage or website, or its contents, cannot be guaranteed.

Presentational conventions

The provisions of this standard are presented in roman (i.e. upright) type. Its requirements are expressed in sentences in which the principal auxiliary verb is “shall”.

Commentary, explanation and general informative material is presented in smaller italic type, and does not constitute a normative element.

Where words have alternative spellings, the preferred spelling of the Shorter Oxford English Dictionary is used (e.g. “organization” rather than “organisation”).

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient’s own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

1 Scope

This British Standard specifies safety requirements and test methods for children's mattresses intended for use in and supplied with Moses baskets, perambulators, carrycots and similar domestic articles.

This British Standard is not applicable to mattresses and bumpers for use in or supplied with cots, cot beds, travel cots, cribs, cradles or similar products which are covered by [BS EN 16890](#) and [BS EN 16780](#).

This British Standard is not applicable to mattresses supplied with baby boxes, which are covered by [BS 11130](#).

2 Normative references
